

You and **GVF**

Joining the *only* global association of the entire satellite ecosystem adds to your organization's visibility, branding and competitive edge

GVF is the unified voice of the satellite industry and has been for more than 20 years.

Based in London and with a regional office in Washington DC, GVF brings together organizations from around the world across the breadth of the satellite ecosystem, organizations that are engaged in the development and delivery of satellite technologies and services for business, government, and consumers worldwide.

GVF facilitates expanded access to satellite-based connectivity solutions globally, achieved through regulatory, policy and spectrum advocacy; training and certification; product quality assurance; collaboration with user groups and other satellite stakeholders; and, through events, Working Groups and other platforms to promote dialogue on growing satellite markets and solutions.
